PRES. HARDING GIVES LEAGUE AN AUDIENCE

Senator Lodge Arranges A Meeting For Nat'l. Equal Rights Delegation With Petition For Dyer Bill Extra Session.

Special to The Argus.

Boston, Mass., Oct. 31.—Today Senator Henry Cabot Lodge telephoned to national headquarters of the National Equal Rights League at 34 Cornhill that in response to his request, sent at the League's solicitation, he had received a telegram from the President's secretary stating that the President would grant an audience to the League to present its petition on the Dyer Bill Extra Session at noon of Saturday, November 4th.

The League started the petition for an extra session soon after Congress had adjourned without reaching consideration of the Dyer Anti-Lynching Bill, as a means of expediting, if not actually saving, the bill, which was left next on the calendar to the Liberian Loan Bill.

Thousands of signatures have been secured from over fifteen different states. One is from the President's home town, Marion, Ohio, another is from Tulsa, Okla., several from Georgia and Mississippi.

The petition will be sent by a messenger from Boston who will conduct the audience. The point sought will be to get the President to specify the Dyer Bill in his call.

The race is asked to send such a request to the President from Sunday on—individually, through churches, lodges and organizations, and from all political meetings held Monday night; also to ask their senators and congressmen to write the President.

GEO. W. BUCKNER RESIGNS AS SEC. URBAN LEAGUE

St. Louisan Gives Up Work After Nearly Five Years, To Enter Business World. Will Manage The Peoples Loan And Finance Co.

League Served Large Clientel During His Administration. Was Active In National Organization.

Geo. W. Buckner, for nearly five years Executive Secretary of the Urban League tendered his resignation to the Committee of Management of the St. Louis Urban League last Thursday to become effective Dec. 1st. Mr. Buckner came to the St. Louis District following the race riot at East St. Louis in 1917 and was the first social worker to organize and promote a constructive program for the betterment of East St. Louis. Mr. Buckner took over the management of the St. Louis Urban League during the summer of 1919 when the organization had practically failed. Under his administration new departments have been built up headed by trained workers. During this time the League has served in one way or other more than 60,000 people from every walk of life and over 5,000 have been placed in suitable jobs.

Because of the success of the Urban League, Mr. Buckner has been chairman of the Committee on Negro Welfare of the Missouri State Conference for social work for the past two years and has been called upon from time to time by the National Urban League for special investigations and for promoting the work in other cities in the state. All of the investigations for the National Urban League in Tulsa, Oklahoma, following the awful riot there of 1921 were personally made under the direction of Mr. Buckner.

The Urban League in St. Louis, for the past three years has largely become a clearing house on social questions affecting the Negro. Many individuals and organizations now look to the League for authentic information regarding the policies affecting Negroes in the St. Louis Industrial District. Mr. Buckner becomes manager of the Peoples' Loan and Finance Company, of which he is also a director, on Dec. 1st. When interviewed by a reporter of the St. Louis Argus last week he stated that he felt that in his new duties he would be able to serve the masses of Negroes to better advantage than heretofore. Mr. Buckner will continue to edit his weekly column, "This Week" in the St. Louis Argus.

OKLAHOMA INDORSES REV. L. K. WILLIAMS FOR PRES. OF BAPTIST CONVENTION

Associated Negro Press.

Ardmore, Okla., Nov. 1.—The Oklahoma State Convention convened here last week with 500 members in attendance. President Perry of Oklahoma City presided. He was in splendid and constructive convention and plans were laid to intensify the religious work in the State. Rev. J. H. Anderson of Ponca City, Okla., former moderator of Central Wayland Association, expired during the session. The Convention went on record as indorsing Rev. L. K. Williams for presidency of the National Baptist Convention.

FORWARD OR BACKWARD

Next Tuesday a rare opportunity will come to the colored people of this city. Five Negro candidates have been nominated on the Republican ticket to be voted upon next Tuesday.

Fortunately, most of these candidates are to be voted upon in the largely Negro populated districts, thus affording an unusual opportunity for the voters to say whether we as a group shall go forward or backward.

In the Fourth Constabulary District will be found the names of Crittenden E. Clark, who is a candidate for Justice of the Peace. Following will be the names of Chas. H. Turpin and Langston Harrison, both of whom are candidates for constables. Two are to be elected, so you can vote for Both by marking an x in the square in front of their names.

In the Fifth District, the name of Ira Dorsey will be found on the ballot as a candidate for constable in that district. Be sure and mark x in front of his name.

Don't forget our representative Walthall Moore. He must be returned to the Legislature where he has done a great work for the race.

Remember, as a group, we have much to gain by uniting our forces, each and all for the good of all.

The failure of one of the Negro candidates at this stage of the game, will be a backward step. So get busy. "Watch as well as pray"—Forward or backward—which?

WOULD DEFEAT JOHN W. SHINE.

Efforts will be made by the Negroes in the Third Constabulary District to defeat John W. Shine, who is a candidate for constable in that district.

This is quite proper, and the only manly and self-respecting course, that the Negroes in the district could take. The reason for this opposition to Shine, is that he promised his colored constituents when a candidate four years ago that if he was elected to that office, he would appoint a colored man as one of his deputies. He has been repeatedly called upon to fulfill that promise, but has refused to do so, giving one excuse after another.

Of course, Mr. Shine is depending upon the advocates of "Vote'er Straight," to put him over, but we are pleased to note that those with whom he has failed to keep faith think differently.

We are glad to see the Negro awakening to his duty. The time has come for us to exercise some intelligence with our ballot. Shine has shown the kind of man he is, so now it's up to the Negro voters to show just what they will stand for.

It would be a mighty victory for the race if the Negro vote goes against John W. Shine next Tuesday. It would teach such men as Shine a valuable lesson.

As long as we allow these office seekers to treat us as they have in the past and "get away with it" we can never gain the respect of men. We must learn to quit making excuses for the failure of others to keep faith with the race. The sooner we put more intelligence and less sentiment into our voting, the sooner we shall emancipate ourselves from political slavery.

We congratulate the Negroes in the Third District for their stand against Shine, and we hope if there are those who have hesitated or made excuses; they will join heartily with the rest, and exert their manhood, God-given rights and defeat John W. Shine.

BREWSTER FOR SENATE.

The office of United States Senator is next in importance to that of President of the United States. In selecting men to fill this high office, it is the duty of the voters to exercise the greatest care in making their choice.

Before the voters of Missouri are R. R. Brewster, Republican candidate, and James A. Reed, the Democratic candidate. Of the two, Mr. Brewster is by far the best, as representative of the people. Not merely because Mr. Brewster is a Republican that we are supporting his candidacy, but because he is the logical man for the place.

Mr. Brewster is strong and courageous, while Senator Reed is weak and vacillating. Senator Reed poses as a champion of the people's rights, when as a matter of fact, he merely plays cheap politics. What has he to show the people that he has done in a constructive way during the past ten years?

We are calling attention to these facts for fear that there may be some Negroes in the State who are thinking of voting for James A. Reed. We are not opposing Senator Reed simply because he is a Democrat, but we are opposing him because of his record. Sure, he voted against the Dyer Anti-Lynching bill, and so far as we know, he has opposed everything that would help the Negroes.

In view of the present situation, we as a group should not only vote ourselves for Mr. Brewster, but we should see to it that the other fellow does the same.

NEGROES DANCE AT HOTEL ASTOR

New York's Finest Hostelry Scene Of Unique Gathering. Thirty-Six Racial Groups In "America's Making Carnival."

NEW YORK, Oct. 30.—(Special)—Something is always happening to upset the aunt, assurances of race theorists that "it can't be done." Twenty Negro couples were among the guests of the American's Making Carnival and dance at the Hotel Astor, 44th Street and Broadway, Friday evening, October 27th.

Thirty-six racial and national groups were represented in an unprecedented and myth-destroying get-together. The program was a mixture of special entertainment and social dancing. The great Louis Chalif and his Russian dancers, the Erzi Sisters and Dolly Sisters, Finnish English, Czechoslovakian and Swedish folk dances provided unique entertainment for those who did not dance. But Negroes can dance and did. The magnificent Grand Ball Room provided pretty setting for this group with the charming women handsomely gowned, the men stately and graceful. They were, as the America's Making program courageously asserted and demonstrated, a part of our America.

Among the Negro guests were: Dr. and Mrs. W. E. B. DuBois, Mr. and Mrs. Eugene Kinckle Jones, Mr. and Mrs. Harry Pace, Mr. and Mrs. Gerald F. Norman, Dr. and Mrs. E. R. Alexander, Mr. and Mrs. James Harris, Mr. and Mrs. Robert Elsy Dr. and Mrs. George A. Kyle, Mr. and Mrs. Charles S. Johnson, Mrs. Daisy Tapley, Mrs. Charlie W. Joyce, Mrs. Ella B. Harrison, Miss Minnie Brown and Miss Louise Latimer.

COLORED WOMAN SUES INSURANCE CO. FOR $12,000

Mrs. Salena Scruggs Enters Charge That She Was Maliciously And Cruelly Treated By Agent Of The Tennessee National.

A damage suit for $12,000 to declare that Mrs. Salena Scruggs, 3009 Pine Street was maliciously injured by the Tennessee National Insurance Company and the company's agent, R. G. Rucker, white, 1406 Vista Street, was filed in the Circuit Court Wednesday by Attorney N. A. Mitchell, retained by Mrs. Scruggs.

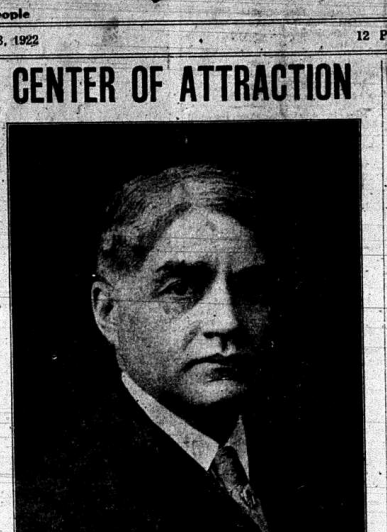
The plaintiff's petition recites that the injuries she sustained when Rucker cruelly assaulted her, July 27, resulted in her health being greatly impaired.

It is said that he kicked the woman several times in the stomach because she objected to his familiarity with her.

On August 23, Rucker was brought before Judge Charles Powers in Circuit Court No. 1 and fined $25.00 and cost.

According to a statement made by Mrs. Scruggs, she was a policy holder of the Tennessee National Insurance Company for ten years. Her policy was cancelled, and she says it was done because of Rucker's revenge for her.

CENTER OF ATTRACTION



ATTORNEY CRITTENDEN E. CLARK
Candidate For Justice of the Peace In The Fourth District

The center of attraction in the coming election so far as the colored people of St. Louis are concerned, is a "notch higher" in the political scales, by making sure of the election of Crittenden E. Clark as Justice of the Peace in the Fourth Justice District of this city.

To elect a Negro as Justice of the Peace is an advance step in politics, the achievement of which every race loving man and woman should be proud. And while Mr. Clark is competent, efficient and trustworthy, yet we as a group should see beyond the mere man in this case. We should see what it will mean to the race in the future. There is some wisdom in the idea of us "all pushing at the door" to open new opportunities. Crittenden Clark just happened to be in lead in this case. Therefore, let us all push him over with our vote next Tuesday and win a New Place in politics.

In passing, it may be proper to say that Mr. Clark is well known in the churches and fraternal organizations. As Grand Master of the Masons of the State, it was his privilege to render a most valuable service to that organization. He is regarded as a hard worker, always ready to hear the many calls which have been made upon him, and responding not only with his time, but his money as well.

He is a lawyer by profession and enjoys the highest respect of bar and bench. That he will make a good public official, goes without saying. But the all important business before us is to put him over, Nov. 7th.

ENDORSEMENT

Whereas the Hon. C. E. Clark is a candidate for the office of Justice of the Peace in the 4th District of the City of St. Louis.

And whereas we know the Hon. C. E. Clark to be a man of unquestionable ability and high sense of patriotism, and one who would administer the office of Justice of the Peace in a way to bring credit to our group and to the City of St. Louis in general.

Be it resolved that we endorse his candidacy and also the candidacy of Chas. H. Turpin, Langston Harrison, and Ira Dorsey for constable and the Hon. Walthall Moore for Legislature, and call upon all true American citizens in the Fourth District and in the districts where these candidates are running, to give them their loyal support in the election Nov. 7, next.

Signed in behalf of the A. M. E. Alliance for the City of St. Louis, John L. Williams, secretary; M. S. Smith, president.

CITY PARKS SEGREGATION IS BLOCKED

Negro Delegation Protests Against Un-American Movement By So-Called O'Fallon Park Protective Association.

The Aldermanic Committee Gives Protest Attentive And Sympathetic Hearing. Contention Is Won.

Following the rumors that the Board of Aldermen was considering an item in the proposed bond issue for a Negro Park, a representative group of colored citizens attended a hearing before the Aldermanic Committee last Wednesday evening and entered their protest against such a measure.

A request for the item to establish a segregated park for Negroes was presented to the Board of Aldermen last week by members of the so-called O'Fallon Park Protective Association. This Association, as will be remembered, has been seeking some cheap notoriety at the expense of the Negroes by protesting [illegible] the use of the park by Negroes.

After the Mayor's Good Will Commission turned down their protest as deserving no consideration, these misfit disgruntlers [illegible] (and there is some doubt as to whether all of them were citizens) went before the Board of Aldermen with their unwanted idea only to receive a cold shoulder from that body.

Negroes Answer Arguments

The delegation of Negroes who went before the Aldermanic Committee made a strong logical answer to the segregationist, citing law [illegible] and reason; righteousness, justice and truth.

During the arguments offered by the delegation the Aldermanic Committee was quite attentive to all that was said. President Aloe showing unusual interest in the case.

After listening to the arguments the Committee voted approval of the suggestions offered by the delegation.

Delegation

Attorney [illegible] Moore, Phillips, Rev. I. Vaughn, W. R. Hill, Rev. B. P. Abbott, Rev. O. C. Maxwell, Rev. R. H. Sydnor, Prof. D. E. Gordon, Prof. M. J. Gilliam, Prof. E. L. Williams, Prof. W. H. Houffman, Dr. R. C. Haskell, Dr. T. A. Curtis, A. E. Malone, C. K. Robinson, Jos. P. Harris, and J. E. Mitchell.

NEGRO WORKERS IN THE STATE

More Than 86,000 Employed In Various Industries. A Survey Is Being Made By Mo. Industrial Commission Under The Direction Of Secretary R. S. Cobb.

Special to the St. Louis Argus.

JEFFERSON CITY, Mo., Nov. 1.—A survey of Negro employment conditions made by Secretary R. S. Cobb, of the Missouri Negro Industrial Commission, now being completed shows that 86,780 men and women are employed in various industries, representing approximately 48 per cent of the total 178,241 Negroes of the state; of the number employed, 57,384 are women.

Questionnaires were sent by the Commission to 500 plants in the state employing five or more Negroes. The Commission report states that replies were received from 60 per cent of the plants, all of them indicating that Negro labor had proved satisfactory. Ten per cent of the replies stated Negro Labor had not proved as steady as white labor, but was satisfactory otherwise.

In the classification of Negro workers, that of servants leads with 16,608 women and 2,942 men. The report lists 12,980 laundresses and the next class is agricultural work, 11,893 men and 394 women.

Among other classes are barbers and hairdressers 767 men and 268 women; porters 4332; waiters 1231 men and 243 women. Among other occupations named in the report are included physicians 120 clergymen 476, trained nurses 36, School teachers 902, musicians and music teachers 159. Cobb stated today that it is the purpose of the Board to increase the efficiency of Negro labor throughout the State.

BIG FATHER AND SON BANQUET AT THE Y. M. C. A. NOV. 11

The annual celebration of "Father and Son Week" will be held at Pine Street Y. M. C. A. on Armistice Day Nov. 11th, and the following Sunday. On the 11th the big City-wide Father and Son Banquet will demand the attention of many thriving fathers and sons. Most of the pastors of the city have agreed to co-operate in order to make this the most successful affair of the kind ever attempted in St. Louis. Other fathers have been making much of this celebration and now is the time when we must all get in line with this most necessary movement.

Limited Number

In order that the meeting may yield the proper results in each life present, it is planned that no more than five hundred persons will be accommodated at this affair. Representatives of the promotion committee will be present at the church on Sunday with a limited number of "father and son" tickets to be sold to proud fathers of their respective congregations.

Small Cost

Beginning at seven o'clock the program will consist of a "General Mixer" for fathers and sons to get acquainted, play games, do stunts and sings. At 8 o'clock the banquet will start. Then come a fine meal toasts by boys and fathers, special music by fathers and sons, discussions of father and son problems and an address by Mr. W. L. Wolf, secretary of the Father and Son League and an expert on matters pertaining to boys on "Fathering the boy." All of this for fifty cents per plate. But you must pay for reservations before Nov. 10th. Why not bring somebody's boy? What thoughtful father can resist this wonderful opportunity to get closer to his boy?

"If the 18th Amendment be nullified, why may not any other, including those most sacred to us?"—Dr. Isaac Fisher.

IN A RUSH

By Thos. Atkins.

From early dawn till evening blush,
Thou art a prey to haste and rush;
No time for tidious bright to rise,
To clear the gloom from blinded eyes.

Like water when thou hast to sip
And drink,
Before the drugs settle or sink;
When thou art rushed all seem a
chase,
No falsehood bright no illusions vast

Till the quietness of the hour,
Reveals to thee its different power;
Till thou hear the silent beauty of
hush,
Ushered from the busy tasks and
daily rush.

Till thou hear the rustling of the
leaves,
To the quiet and gentle breeze;
Till the heart will gently beat,
Cool thee from its passions rush and
heat.

Instead of books and thoughts to
ponder,
Hasten thou through time and moments
squander;
Why stop thou not and hear the
sound
Of moments stillness to come down.

Dear Harry: Went you please meet me Friday evening, Nov. 24, at 3306 Lucas Ave? Yours truly, Miss Melrose. **(Adv.)**

Sadly missed by loving son and daughter. (Adv.)

IN MEMORIAM

In sda but loving remembrance of our darling mother, Dinah Alto, who departed this life three years ago, Nov. 2, 1919.

The golden sun is shining,
Upon our mother's grave,
But one we loved so dearly
And tried so hard to save.

When we lost our mother
We lost our dearest pal;
We love you and we miss you,
And forever shall.

Rest in peace, dear mother,
You're safe in heaven's bower,
The day when we shall meet you,
Grows nearer every hour.

IN MEMORIAM

In sad, but loving, remembrance of my dear sister, Mrs. Daisy Gant (nee Rose), who departed this life two months ago, September 24, Age 24 years, 1 month and 19 days.

A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home,
Which never can be filled.
Let me not mourn too much
When those I love unfold their wings
and fly away from me;
Let me forget my loneliness and tears,
Rejoicing spite of grief that they are free.
Let me catch glimpses of their happiness,
Thru all the trouble, darkness here below,
I must not spend my precious hours in tears;
Waiting for the time to come for me to go.
Let my life with service be so filled
That grief can find no lodging place to stay.
So when the one clear call rings out for me
The waiting years will seem but yesterday.
Sadly missed by her family and friends.

IONA ROSE, sister.

PRES. HARDING INDORSES THE CANDIDACY OF PEDDY

Expresses Himself On Texas Fusion Candidate For Senate From Texas, Backed By G. O. P.

Associated Negro Press.

DALLAS, Tex. Nov. 1.—That President Harding is keenly interested in the United States senatorial campaign in Texas is shown by a letter he has written R. B. Creager, Chairman of the State Republican Committee, in which the President indorses the fusion of the State Republicans with the Independent Democrats in the support of the candidacy of George Peddy. Peddy was indorsed at a meeting of so-called independent Democrats, who met in Dallas following the run off primary in which Earle B. Mayfield was elected Democratic nominee for the United States Senate. Mayfield is the avowed Ku Klux Klan candidate, while, Peddy in his campaign speeches has attacked the Klan.

President Harding wrote Mr. Creager, "I like to think of the aspiring young Republicans of Texas being committed to the fullest maintenance of American freedom, determined to oppose all grouping of classes and attending dictation, which is contrary to American ideals. "The Lily Blacks" under the leadership of Bill McDonald are reported to be backing Mayfield.

Is your goal in life such that the reaching of it would win you a place in the hearts the affections, the esteem of others? Or would it please only yourself? If so, it wouldn't do even that.

PEERLESS CLUB PRESENTS RUTH SHELTON'S COMEDY

The Peerless Club will present Ruth Shelton's Musical Comedy, "Peggie Dear," Dec. 5 at Poro College. This is one of Mrs. Shelton's cleverest writings consisting of 3 acts, sparkling with plenty of wit and humor. Popular music, pretty girls, handsome boys, and as you know, a plot. It is all about poor Peggie Peter's of Jonesberg who married that rich Mr. Max Stillwell and went to New York at the close of the first act you think you understand the whole play, but Mrs. Shelton is a little too clever for that. You will be surprised at the end.

HORSE RACE IS NOVEL THRILL IN SHOW AT B. W. THEATRE.

A horse race scene gives a novel thrill to the show being presented by the James Crescent Players at the Booker Washington Theatre this week. This feature comes in the closing act entitled "The Derby." It is a melo-drama that has as its theme an attempt to dope the favorite in the annual derby classic. There is much action in the discovery and exposure. The scene of the race is a screne feature and the entire course is shown from the start to the finish It is full of excitement for the audience This act is preceded by a number of good vaudeville specialities After the opening chorus by the company, Frank De Lyons, Crawford Jackson and William Glover appear in a comical mixup over the theft of a chicken. De Lyons scores a hit with a bass solo, "Asleep in the Deep." Little Freddie James, a juvenile performer, sings and dances, taking the house by storm. There are ten performers in the company and the show is pleasing the patrons.

LAURA SMITH AND COMPANY COMING TO B. W. NEXT WEEK.

Laura Smith, the queen of the blues will come to the Booker Washington Theatre next week at the head of her own company, with what is said to be the funniest burlesque show on the stage. Miss Smith is a big favorite here. Others in the company are Willard "Skunkton" Davenport, comedian; Stella Floyd, a new songbird; Jimmie Howell, character actor; Elmore Floyd, dancer; Josephine Byrd a comedienne; Violetta Harbaugh, soubrette; Edith Oliver, Dorothy Washington, Beatrice Austin and Marjorie Blackstone, chorus girls. The company is said to be packing the theatres everywhere and considered a big entertainer.

THE PICTURE THEATRES

AT OLYMPIA.

Claire Adams will be seen at the Olympia Theatre in "Golden Dreams" this Saturday. It is a Zane Grey romance of old Spain and filled with Spanish loves and hates. A death struggle with lions is one of the many thrills.

"The Fast Mail," a screen production of Lincoln J. Carter's sensational railroad drama, will be presented on Sunday and Monday.

The story of the villian, who conspires to win a Mississippi steeplechase by foul means and to capture a Southern belle in the same way keeps the spectator breathing fast almost from the first moment. The fast mail train itself appears in the picture only as an incident, but the photoplay travels with enough speed to make one feel one is on a through express all the way. Moreover, it introduces the world's champion jumping hero He jumps off his steed in Montana to rescue the heroine. He jumps over hurdles in a steeplechase; he jumps on the fast mail from a speeding handcar and from the locomotive back into an automobile, to show the first leap was not a fluke. He jumps from one Mississippi steamboat on to another, which inhospitably blows up, so that he has to jump into the river.

"Monte Cristo" will be shown on Thursday and Friday. It is a Fox production, dealing with the stirring adventures of a young French sailor Edmond Dantes, who on the eve of his marriage is arrested and thrown into prison on false charges. He stays there for twenty years and finally makes his escape. A fortune comes to him from a former fellow prisoner. He then seeks revenge and how he succeeds without actually shedding any blood by his own hands makes this a story and screen drama of uncommon worth.

DR. PHILLIP'S IN NEW QUARTERS

Dr. Simon F. Phillips, the popular dentist with offices at 2801a Lawton Avenue, has secured a suite of three beautifully appointed rooms at 2334 Market street, where he will be modernly equipped for the practice of his profession after November 10th.

THE STAR.

The feature at the Star Theatre this Saturday will be "The Dust Flower," with Helene Chadwick in the role of a little girl of the slums who found comfort, luxury and love.

On Sunday, Neal Hart will be seen in "West of the Pecos." It's a rugged romance of the Southwest, where trails were few and hardy pioneers journeyed via prairie schooners en route to the Golden West. An outlaw picture crammed with startling stunts and intense melodramatic situations.

Wesley Barry will be presented in "School Days" on Thursday and Friday. It's a story of boyish pranks and his mixup with a couple of crooks full of humor and little touches of pathos.

AT THE COMET.

Alma Rubens will be presented in "The Valley of Silent Men" at the Comet Theatre this Saturday. It is the story of a noble sacrifice which boomeranged in a tragic manner bringing disaster so near that it changed the lives of three persons.

On Sunday, Charles Jones will be seen in "West of Chicago."

The scenes are laid along the Mexican border. Some of the outstanding points in this pleasing photoplay are Charles Jones' daring leap from a horse to a moving train and his laughter provoking portrayal of a ghost, which sends some wrongdoers helter skelter up a dark road.

"The Curse of Drink" will be featured on Tuesday and Wednesday.

"Monte Cristo" will be the big special next Thursday and Friday.

It is another of the big William Fox productions. It has retained all of the beauty and intrigue of the original story, and the scope of the screen permits the director to show in detail the many exciting incidents in the life of the famous fiction character Edmond Dantes, who later becomes the Count of Monte Cristo. The love theme furnishes the background for the story, and the entire story is crowded with dramatic incident.

THE JESTAMERE

"Rich Men's Wives" will be the Jestamere Theatre feature this Sunday and Monday. It is said to have been inspired by the unhappiness that has been revealed recently in a number of the country's richest families. These it is said, inspired in the minds of the authors the question whether rich men's wives are to be envied, scorned or pitied, and they have built a powerful dramatic story around the theme. One of the big moments for Tuesday, Jack Hoxie in "Barbed Wire" is the Wednesday special.

RETINA

A great change is shown at this Market Street's pioneer playhouse, it came under the same management with "The Comet," Market Street's leading theatre, and this week's program, starting Saturday, as viewed by our reporter, is excellent in every respect. Starting with Sunshine Sammy's new picture, "A Daughter of the West" in 3 reels on Saturday, the program consists of Jack Hoxie's new picture "Barbed Wire" on Sunday, W. S. Hart's new picture, "White Oak," on Monday, "The Sheik of Araby" Tuesday; "Wolves of the Range" Wednesday; "The Barbarian" with Monroe Salisbury on Thursday, and a Big Specially Selected Program on Friday. The admission of course remains at 5c and 10c.

THE PENDLETON

"Burning Sands" will be presented at the Pendleton Theatre this Sunday, Monday and Tuesday. This is the story of an English girl who seeks the man she loves and makes him love her. As in the case of "The Sheik," the one who sought love triumphed. Wanda Hawley is the girl and Milton Sills the man. He has the part of a philosopher who believes that a man's first duty is to conquer himself, and accordingly buries himself with his books in an oasis in the Sahara Desert. Love comes to him there, and after a long struggle against it, he succumbs. On Wednesday, "The Greatest Truth" will be featured. This is a story of a woman of the present day who, in order to understand the importance of always telling the truth, is transported back to the era of the Roman Empire at the beginning of the Christian era and shows the awful consequences that resulted from a lie told by a woman.

Thursday and Friday, Jack Holt will be featured in "While Satan Sleeps." It is a romance full of thrills, fire and imminent shading. Jack Holt has a role fashioned to order and makes the most of his opportunities. He fells like Dempsey and is a lover. Rodolph, the Sheik, has

a worthy rival.

AT THE CASINO

Richard Talmadge in "Lucky Dan" will be the Casino feature this Saturday. It's a stunt picture.

On Sunday and Monday, Harry Carey will be presented in "Man To Man." It recounts the struggles of a young man who fights his way from the degradation of a South Sea derelict back to respectability in his own home county—the cattle lands of the West. It is a story which might have been written for Carey. It provided him with the he-man of a role which he has made famous on the screen.

"The Sage Brush Trail," will be the feature on Wednesday. It is a clever photoplay, intensely dramatic, thrilling and appealing. It contains vital qualities and is splendidly acted by an all-star cast, comprising such well known and talented players as Roy Stewart, Wallace Beery, Johnny Walker and Marjorie Daw. Robert Thornby directed. You cannot afford to ignore this vivid offering.

THE LINCOLN

Guy Bates Post in "The Masquerader" will be featured this Saturday at the Lincoln. The story depicts the struggle of two men, so close in resemblance that the wife of one cannot tell them apart. And the bachelor, who recognizes in her the one woman in the world he could love, finds himself at bay because of the sense of honor that he cannot stifle.

On Sunday, Harold Lloyd will be shown in "Grandma's Boy." Lloyd is seen as a young man striving to be brave and failing at every turn, always in a humorous way, of course. Finally Gramma tells him how his Grandfather overcame cowardice with a good luck charm. She gives the charm to the boy, who goes out and with the confidence borne of possessing the charm, licks his small world to a frazzle. He finds that self-confidence is the secret of courage, and he wins his final and greatest battle—the heart of the girl.

AT THE CRITERION

Wesley Barry will be featured in "School Days" at the Criterion Theatre this Saturday. Charles Hutchinson will also be seen in the first episode of "Speed."

On Sunday the Criterion will present Rudolph Valentino in "Blood and Sand". Sensational to the limit in this great Ibanez story of the life and loves of a young bull-fighter, are those in which Mr. Valentino does sword and cape play before picked animals of Senor Miura the Duke of Veragua and the Marquise of Saltillo, the three leading bull-breeder in Spain. The development of Juan from a ragged urchin to a favorite of his country, and his loves for two women are the basis of an intensely interesting story.

JAZZLAND BEING BEAUTIFIED

Jazzland Dance Palace, at 2216 Market street, is being redecorated and beautified. Besides a new color scheme in painting; the walls and panels are being outlined with hand painted portraits, art subjects and cartoons. The whole is embellished with numerous plants and flowers. The art work is being done by "Spec 22." When completed the palace will have a scientific effect that will make it one of the show places for visitors to the city and a very desirable place to visit, under a new management policy.

What Government Training Can Do For The Ex-Soldier

CHICAGO, Ill. Nov. 1.—Mr. Robert Franklin, a disabled, rehabilitated ex-soldier, is an excellent example of what grit and determination plus Government aid in training can do for those who suffered their all for their country and came back broken in body and unable to carry on.

Franklin entered the service in 1917 and was assigned as a private to Company C, 370th Infantry. While fighting overseas he was injured.

Previous to his service he had been a stationary fireman and when he was discharged he endeavored to take up his old work. He found, however, that because of his disability he was unable to "carry on" in his old job. Meanwhile, Franklin heard of the training being given by the Government to men disabled like himself through it's agency, the U. S. Veterans' Bureau. He immediately applied for same and in July 1919 he began a course in shoe repairing. July 1922 he completed his course and was rehabilitated. Franklin has now set up in business for himself. Dr. J. E. Crossland, in charge of colored drafters, has just completed a tour of inspection here.

Associated Negro Press.

CHICAGO, Ill. Nov. 1.—Negro men are getting fatter to the detriment of rest, buttons and longevity, according to a survey just completed by the local Negro Medical Organization. The expansion of the waist line, according to this survey, is due to overeating and indulgence in sweets.

"Men who used to treat guests, friends and customers at bar yet entertain them at meals, buying food, pastries and sweets." So report said.

Except in the rarest instances, negroes who live to ripe old age are children.

An American returning from Constantinople says "the terrible Turk" has vanished, but we'll have to wait with more results on that point.

TUESDAY, NOV. 7 MAY BE YOUR LAST CHANCE

Colored Voters Can Elect Five Race Men. Candidates On Repub. Ticket.

Unless the Negro is willing to close his political reins in the hands of some of his own group in the City of St. Louis, there is but little racial advantage for him to hope for through mere appointive positions. The black man must plead his own cause with his own voice. The Race must speak over the ballots which rests directly upon the suffrage of our people. Unless we are capable of honoring these of our kind there is little hope for political progress.

In the Fourth Constabulary district there are 10,834 voters of whom are 6,401 are Negroes and 4,433 are white. If you exercise your right to vote on Tuesday, November 7, you can elect two constables and one Justice of the Peace.

When you receive your ballot just trace a cross mark at the top of the Republican ticket, the one marked with an elephant at the head or top; hand this to the election judge, without further marking, and you will vote the entire Republican ticket, preceding Crittenden E. Clark, for the office of Justice of Peace, Walthall Moore for Legislature, Langston Harrison and Charles Turpin for the offices of constable.

Langston Harrison

There are a few men who are more worthy or better qualified than Mr. Langston Harrison for the office of Constable. He is distinguished for his honest and just dealings with men and for his untiring efforts in all things which tend to elevate his people. He is especially known for his active part he takes in charitable movements. His greatest ambition is to do something for somebody else.

In Masonic circles he is a favorite. He is a member of West Gate Lodge No. 95, King Solomon Chapter, No. 78, R. A. M., Pope Belmont Commander of Mt. Calvary Commandery No. 21, K. T., Medinah Temple of Shrine No. 29, and Eureka Consistory No. 29, Scottish Rite Masons.

He has lived in the 6th Constable since Degree of St. Louis 20 years, and has always been an ardent worker for the best clean cut political interests.

He is a native of Christian County, Ky., where he was born Nov. 21, 1881.

During the year 1920 he was an alternate to the State and National Republican Conventions.

"The pulpit must be fearless in attacking vice." Dr. W. A. Jennings.

Comment.

By G. U. Cloud

A Third Party.

The two major political parties are breaking up. Both Republicans and Democrats have traded in Negro patronage, but a survey of affairs politically causes one to see plainly that intelligent Democrats are beginning to demand something more of their leaders than Negrophobia.

The strong Harding leaning toward Lilywhitism has awakened the colored voters. Barred from any real participation in Democratic affairs and disgusted with the increasing chicanery of Republicans, we are faced with the final knowledge that "something must be done."

"What?" is the question. A third party is the obvious answer. If our leaders will pick a third party now and begin trading while the third party is weak, our second emancipation can be brought about.

There are enough intelligent, white people interested in third party movement to make the addition of the Negro vote enormously important.

A Million Women.

A group of women have offered their services to work in connection with the N. A. A. C. P., in building up an organization of one million women for the purpose of fighting the lynching evil. Those women will get things accomplished.

The emotions of our men on hearing of the women's movement are about evenly divided between Shamehoodhood and pride in the women. Whatever may be said of our men our women, comparatively, are the superiors of any women on earth. A million women start after anything they'll get it.

Garvey on Our Newspapers.

Garvey's Negro World says in a recent issue that any kind of stuff can get into the columns of a Negro weekly if one is willing to pay for it.

That's true, to a certain extent. No self-respecting newspaper, however, will publish anything against its policy and the policy of every Negro newspaper is to fight the strongest possible fight for the best interests of the race.

And the Negro newspaper is forced by its readers to do many things it doesn't want to do. We are forced, in the case of many things, also, which we want very much to do.

Until the colored people learn advertising values and what they mean they will have to put up with our present sort of newspapers. Until our women learn that part of every dollar they spend for household or personal goes for the support of SOME newspaper and until our men realize that their cabinings and their gamblings always find their way direct or indirect support of the daily paper great progress is barred to us.

When our people learn that the stuff they buy because of having seen it advertised in the daily paper cost enough so that the merchant can pay for his advertising our people will begin demanding that that same advertisement appear in their OWN papers. THEN, Mr. Garvey, watch us do things.

The American Legion.

Reports of the American Legion Convention at New Orleans are disappointing. Apparently the soldier forgot all about the Knights of Columbus, the only particular denominational welfare organization represented in France. The Legionnaires also forgot ALL about the "Black Buddy."

Owsley, Texan, was elected Legion head. An amendment to the Legion constitution which would have made possible the membership of southern colored ex-soldiers did not get a hearing.

It appears that the South has finally gotten control of the Legion as it controlled the nation during the war. Every man, woman and child of the United States suffers because of southern control of affairs and it is probable that the Legion is fueling dissolution or absorption by the K. K. K. because the Legionaires, like the American public, will not see that losing enough to see what is being done to them.

Americans don't seem able to realize that where in the rest United States politics are also leans down South they are the best paying profession.

DR. LAWLESS TO SPEAK ON "MAKING MOST OF LIFE"

He reaches the City of St. Louis Friday afternoon and will remain here through Monday. He is enroute to Detroit Michigan to attend the annual meeting of the American Missionary Association. Dr. Lawless will also speak at the Phyllis Wheatly Branch of the Young Women's Christian Association, 4141 N. Garrison Ave. Sunday evening at 7:30 p. m.

THE MEMBERSHIP DRIVE FOR PEOPLE'S HOSPITAL

A membership drive for $10,000 for the Peoples' Hospital will begin Sunday, November 5th, and last until November 15th. Sunday has been designated as Peoples' Hospital Day. The very least amount required to carry the work of this institution for one year is reported as $25,000. The Peoples' Hospital was organized in May, 1918, and is located at 3147-49 Dickson street. The buildings cost $22,000 in 1918. This institution depends almost entirely on nominal fees from patients and contributions of philanthropic friends. It cost $40 a day to operate the institution on the most economic basis.

Among the more needed improvements are medical and surgical clinics and children's wards, an X-ray machine and a sterilizer.

The drive, which will be launched for $10,000, is under the direction of Mrs. T. J. Nevins, who has gathered around her fifteen able captains who in turn will attempt to raise $2,000 each for the maintenance and improvement of the hospital. Ministers are urged on Sunday to preach sermons in keeping with Hospital Sunday and ask their congregations to support the drive.

NEW ORPHANS' HOME WILL BE DEDICATED ON THANKSGIVING DAY

Announcement is just being made by the Board of Managers of the St. Louis Colored Orphans Home that the dedication of the new building will be held Thanksgiving Day, November 30th. The new Orphan's Home which is located at Goode, between Kerth-ly and Cottage Avenues is one of the most modern buildings in America for orphans.

The campaign to raise money to completely pay for the Home is still on and is being pushed with vigor by the workers. All workers for the Home are requested to meet at the new Home Sunday morning at 9:30 for the purpose of inspiration and information.

The regular meeting of captains and team workers will be held Monday night at 7 o'clock at the Poro College. All workers are cordially urged to be present and make their reports.

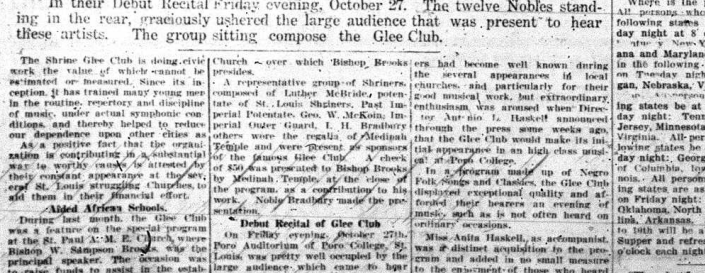
MEDINAH TEMPLE, ST. LOUIS, SHRINE GLEE CLUB AT PORO COLLEGE



In their Debut Recital Friday evening, October 27. The twelve Nobles standing in the rear, graciously ushered the large audience that was present to hear these artists. The group sitting compose the Glee Club.

The Shrine Glee Club is doing civic work the value of which cannot be estimated or measured. Since its inception, it has trained many young men in the routine, repertory and discipline of music, under actual symphonic conditions, and thereby helped to relieve our dependence upon other cities as a positive fact that the organization is contributing in a substantial way to worthy causes. It attested by their constant appearance at the several St. Louis struggling Churches, to aid them in their financial effort.

Aided African Schools.

During last month the Glee Club was a feature on the special program at the St. Paul A. M. E. Church, where Bishop W. Sampson Brooks was the principal speaker. The occasion was to raise funds to assist in the establishment of schools in West Coast Africa, the diocese of the A. M. E. Church over which Bishop Brooks presides.

A representative group of Shriners, composed of Luther McBride, potentate of St. Louis Shriners, Past Imperial Potentate, Geo. W. McKoin, Imperial Outer Guard, I. H. Bradbury others were the regalia of Medinah Temple and were present as sponsors of the famous Glee Club. A check of $50 was presented to Bishop Brooks by Medinah Temple, at the close of the program, as a contribution to his work. Bishop Bradbury made the presentation.

Debut Recital of Glee Club

On Friday evening, October 27th, Poro Auditorium of Poro College, St. Louis, was pretty well occupied by the large audience which came to hear the Shrine Glee Club in its debut musical. The organization of singers had become well known during the several appearances of local churches, and particularly for their good musical work, but extraordinary, enthusiasm was aroused when Director Au-nio L. Haskell announced through the press some weeks ago, that the Glee Club would make its initial appearance in an high class musical at Poro College.

In a program made up of Negro Folk Songs and Classics, the Glee Club displayed exceptional quality and afforded their hearers an evening of music, such as is not often heard on ordinary occasions.

Miss Anita Haskell, as accompanist, was a distinct acquisition to the program and added in no small measure to the enjoyment of those who heard her, especially in her rendition a "Prelude in C Sharp Minor."

MISSOURI K. OF P'S. MAKE REMARKABLE FINANCIAL REPORT

Beneficial Board Shows Assets Amounting To More Than $120,000 Invested In Liberty Bonds, Real Estate And Cash In Bank.

The beneficiary board, which supervises the enlargement department of the Grand Lodge Knights of Pythias of Missouri, held its first quarterly meeting in St. Louis, Saturday, October 28th, and rendered a most remarkable financial report submitted by the secretary and treasurer.

The report for the quarter showed a collection of more than thirteen and a half thousand dollars. Twenty-three claims were allowed, to the amount of $6,600, and twenty-three burials, amounting to $2,300.

The treasurer's report showed that assets of the organization amount to more than $120,000. It has been the policy of the board to invest all surplus money in gilt-edge securities which will bring the highest rate of interest. Pursuant to this custom, the board invested $10,000 in Liberty loan bonds. The institution now has $87,000 invested in Liberty bonds and direct municipal bonds, also $25,000 in real estate and $10,000 in the bank to meet any emergency. More than $90,000 of the above amount has been saved since 1916.

The board has so wisely invested its holdings, though handicapped by State law, which restricts its investments, until their annual interest income is over $5,000

The real estate holdings include the Pythian Temple in St. Louis, the spacious auditorium of which has been redecorated and the stage fitted with modern scenery and theatrical properties.

The policy of the endowment plan is the same as a regular insurance agency; is under the supervision and fulfills all requirements of the State insurance inspector.

The beneficiary board consists of A. W. Lloyd, president; J. B. Coleman, treasurer; L. A. Knox, grand attorney, and W. T. Ancell, secretary.

SHARES ADVANCED TO $15 ON NOV. 9

Capital Of Peoples Loan And Finance Rapidly Purchased. Entire Issue May Be Taken Before Next Wednesday, The Last Day On Which Stock Will Be Offered At $12.50. Should Any Remain In The Treasury, It Will Not Be Sold For Less Than $15.00 Per Share.

The Peoples Loan & Finance Co., will open for business November 15th, unless there is unforeseen delay in remodelling the building it is to occupy, or completion and installment of bank fixtures contracted for.

The capital is being rapidly subscribed—in the neighborhood of two-thirds has already been purchased. The remaining shares will undoubtedly be taken within the next few days. Should any shares remain unsold after next Wednesday they will not be sold for less than $15.00 per share.

According to statistics compiled in Poor's Manual only one out of 700 oil and mining companies succeed; only 15 out of 100 manufacturing companies succeed, while failures of banks and financial institutions average 1.56 per cent., and the average earnings of oil companies succeeding are 9 per cent, manufacturing companies 8 per cent, and financial companies (bonds not included) 18 per cent.

An investment in a financial institution is not subject to the hazard exploration, labor disturbances, competitive demands, fluctuations, elemental disturbances, wars, fines, etc., to any material degree and is far safer and more profitable than any other class of investment.

There is no record of a failure of an institution operated on the plans of the Peoples Loan & Finance Co. Reports of earnings from a number of similar institutions show them to be earning their share holders from 16 to 50 per cent, and some of the older institutions show even greater earnings. There is no speculation about this investment. It contains every element of the ideal investment: SAFETY, PROFIT, PERMANENCY AND CONVERTIBILITY.

LINCOLN UNIVERSITY

The greatest blessing that has ever come to the aid of Negro education in our state is the appointment, by State Superintendent Baker, under the new law, of an efficient Negro school inspector. New life has been infused into all Negro schools. Last year the enrollment of colored children was 32,891 as against 26,448 the year before, an increase of 6,443.

In one year the number of first class high schools for Negroes increased sixty per cent. At the beginning of the present school year there was added 28 third class Negro high schools where there were none before. A thorough inspection of school buildings and equipment has been made during the year out of which has grown a universal improvement throughout the state.

Out of the total number of 750 Negro schools of all classes in the state during the last year, 321 organized pig, poultry, garden and thrift clubs, and all are enthusiastically engaged in this profitable work.

Lincoln Institute has been changed to a University for colored people, and enlarged appropriations made for its support. Under a competent Board of Curators, one-half of which is composed of colored members, this institution is making enormous strides.

REPUBLICAN PLEDGES

We view with growing concern not only the willful and wanton violation of law, but also the apparent indifference of the general public. We appeal to all patriotic Americans to realize that there can be security for neither life, liberty nor property except under the observance, and enforcement of the law, and to that end the full power and resources of government should be invoked.

For the Negroes of the state we favor, in addition to liberal and adequate appropriation for Lincoln University, a sanitorium for the tubercular, separate boys' reformatory, home for the feeble-minded, the establishment of an agricultural experiment station in connection with Lincoln University, and the establishment of a sufficient number of public schools for the Negroes that every child of this race may have the opportunity to attend.

The pledge of the Republican National Convention to the enactment of an anti-lynch legislation has found expression in the Dyer anti-lynch bill now pending in the United States Senate. We therefore indorse this measure and urge its passage by the present Congress.

HOW TO VOTE

The blanket ballot, which will be used for the first time under the new law at the general election in November, presents to the voter on the face of one blanket sheet all the candidates of all parties. HON. DAVID D. ISRAEL

"I WILL APPRECIATE YOUR VOTE"

DAVID D. ISRAEL

DEMOCRATIC CANDIDATE FOR CONGRESS IN 12TH CONGRESSIONAL DIST., CITY OF ST. LOUIS

The name, **David Israel**, has become a household word in the city of St. Louis. The reason is very easily explained. Mr. Israel has long been identified with public affairs in this great city, and has never been found wanting. And today stands among men as one of the most **popular** young business men in St. Louis. His wide spread acquaintance with all classes has enabled him to render great service to the Colored people.

Mr. Israel is a member of the Real Estate Exchange and the Chamber of Commerce. Served as a chemist in the Oil Department of the State of Missouri under Governor Frederick D. Gardner. He served in that capacity until the latter part of 1921, at which time he resigned from the service.

Mr. Israel is thirty-six years of age, married and the father of two children; a resident of St. Louis for the past twenty-six years, enterprising and thrifty. The owner of eight hotels, and in each and every one of his eight hotels, you will find our Boys and Girls, and to Mr. Israel's credit, we owe the employment of 500 Negro Boys and Girls. St. Louis needs a Congressman, such as Mr. Israel. Positive in his convictions, fearless in advocating them at all time. Men of big minds and high principles can always be trusted to represent **All** the people. Mr. Israel measures up to every expectation. He stands openly against that deadly organization, the Ku Klux Klan, an organization that denounces the **Jews, Catholics** and **Negro**, and on this great question we owe it to ourselves to aid in his **election.**

Mr. Israel advocates the modification of the Volstead Law, another open and fearless move. All foolish fears of Democrats have been found to be ill-founded. The time has come for the Negro to drop sentiment and go in for Men and Measures. "Charity begins at Home.

The erection of a 12-story fireproof Hotel, to contain 300 Rooms, each with bath and shower and running ice water, to be located on the South West Corner of 20th and Chestnut, 140 feet on 20th, extending to the alley, with 165 feet on Chestnut Street, to cost $800,000, for Colored People, will be the finest in the South West, only drives home to our race what this thrifty young business man is doing to help improve the housing conditions of our people. "Think it over" and then the **Ballot** November 7th. Get Busy.

Respectfully,
HEADQUARTERS
COLORED BELL BOYS ORGANIZATION
1718 Chestnut Street

SEN. ANDERSON DENIES CHARGES

Says He Was Not A Part Of Committee Or Delegation From So Called O'Fallon Park Protective Ass'n.

Senator Peter Anderson, candidate for reelection in the 34th District, in an interview stated that he was not a part of the Committee or delegation from the so-called O'Fallon Park Protective Association which called upon Mayor Kiel some time ago to protest against the Negroes holding picnics in O'Fallon Park.

Explanation.

The Senator states that he was engaged in some legal work at the City Hall the day that the delegation called upon the Mayor with the protest, and that he with others went in to hear what they had to say, merely as a spectator. He was not a part of the delegation nor does he belong to the O'Fallon Park Protective Association.

He takes the position that he as representative of the people could not afford to take part in any fight where race creed or religion is envolved.

He further states that he has sworn to support the Constitution of the United States and the Constitution of the State of Missouri and he proposes to keep that obligation sacred.

The fact that Senator Anderson is a well known public official is given as the reason no doubt, that his name was mentioned by the daily newspapers as one of those present at the time.

CITIZENS BREAK UP K. K. K. MEETING

Preston News Service.

McKEES ROCKS, Pa. Nov. 1.—Scores of persons massed in front of the City Hall here last Thursday afternoon, told Chief of Police, Edward Reider that if he did not prevent a Ku Klux Klan meeting within the "hall across the street" they would. Reider broke up the meeting and the crowd dispersed.

Klansmen from Pittsburg, who organized and advertised the proposed klan meeting, were on hand, it is said, with full regalia when the officials broke up the meeting.

CHANDLER OWENS FLAYS GARVEY MOVEMENT

Preston News Service.

Pittsburg, Pa., Nov. 2—Chandler Owens, editor of the Messenger, of New York City, delivered a scathing denunciation of the Garvey Movement and during Mr. Owens' fervid impeachment of the Garvey movement the speaker was interrupted by mumbling of local Garveyites. At the close of the meeting, Mr. Owens had to be guarded to a taxi-cab to prevent the adherents of Garvey from doing the visitor bodily harm. Promoters of the meeting anticipate trouble from Garvey followers and had made ample provisions for police protection.

PORTO RICONS WANT E. MONT REILLY REMOVED

Preston News Service.

Washington, D. C., Nov. 2—The citizens of Porto Rico want President Harding to remove E. Mont Reilly as governor of Porto Rico. Several efforts have been made to induce the President to remove him, but all indications point to fidelity on their part to convince that Mr. Reilly is a menace to welfare and prosperity of the island government.

Hon. Christian Coll Cuebi, speaker of the House of Representatives of Porto Rico, held a conference with President Harding last Thursday. He told newspapers men that he felt that Mr. Reilly had the full confidence of the President and would not be removed.

WRITING FOR PRINT.

Associated Negro Press.

A hopeful indication of the growing appreciation of journalism as a profession is shown by the number of young people who are entering the ranks of practical newspaper makers The Press has become a real factor in the life of the group, and ability and training of the best sort should be utilized in its development. Schools of journalism in several colleges have colored entrants and one young woman is enrolled in a Doctor of Science degree in this subject from Ohio State University last spring.

But the number of aspiring reporters and writers will get no special training of this sort. Their education will be received in the work shop and in the reporters' beat. To facilitate their ability to express themselves and give direction to their efforts in recording happenings are forth in handy book guide toward the principles which lie behind good writing. H. F. Harrington, Director of the School of Journalism of Northwestern University, has just published "Writing for Print," which fits the needs of the beginner after clear expression, correct diction and good style. Mr. Harrington has given us a book which because of his expert knowledge of the subject will be recommended for the beginner. However the close study of this volume, together with application of its principles would improve the output of many of our current publications. Writing for Print is published by D. C. Heath and Co., Chicago, Ill.

The CHICAGO TRIBUNE is again threatening us with extermination This time because the dead-mondaine—the fashionable fallen women of the City of Paris are wearing a silhouette of the prize fighter, Siki, on their bare arms. The CHICAGO DEFENDER in its offset newspaper way, reproduced on its first page a two column cut of the Paris derelects with the silhouette of the now famed Senegalese plainly visible on their shapely arms. This was too much for the gelatinous susceptibilities of the World's Greatest" and is straightway throws a fit and bids us farewell the Ides of March and several other months of the year. PIFFLE! Sunday School Lesson

LESSON FOR NOVEMBER 5

JESUS THE GREAT PHYSICIAN

LESSON TEXT—Luke 4:31-44; 5:12-26.
GOLDEN TEXT—Himself took our infirmities, and bare our sickness. Matt. 8:17.
REFERENCE MATERIAL—Mark 1:21-45; Mt. Mark 1:21-45.
PRIMARY TOPIC—How a Sick Man Was Brought to Jesus.
JUNIOR TOPIC—Jesus Healing the Paralytic.
INTERMEDIATE AND SENIOR TOPIC—Jesus Power Over Disease.
YOUNG PEOPLE AND ADULT TOPIC—Jesus' Ministry to Human Need.

Since the topic sets forth Jesus as the Great Physician, it will be better for adult classes, especially, to take the larger text chosen by the committee and note the several outstanding cases of His healing. For some classes it will be better to study the one case of healing, namely, the healing of the paralytic.

I. Jesus Healing a Demoniac (4: 31-37).

While engaged in teaching in the synagogue He was interrupted by a man who had an unclean spirit. Jesus rebuked the demon and compelled him to come out of the man. This healing shows Jesus not only gracious, but powerful to set free the whole brood of diabolical passions, such as lust, envy, anger and jealousy which rule men.

II. Jesus Heals a Woman of a Great Fever (vv. 38-39).

Peter's mother-in-law was prostrate with a great fever. They of Peter's household besought Jesus for her. Jesus rebuked the fever and it left her so that she immediately rose and ministered unto them. No earthly physician had ever been known to heal in that way. Divine healing is immediate and complete. We should distinguish between divine healing and faith healing. Faith healing is the result of the action of the mind upon the body and is measured by the degree of the faith, while divine healing is the action of the power of God upon the diseased one, and is always complete and immediate, because it is measured by the power of the Healer, God. His fame spread abroad and many sick of divers diseases were brought unto Him and He healed them all, even casting out demons and forbidding them to testify of Him.

III. Jesus Heals a Leper (5:12-16).

Leprosy was a most loathsome and terrible disease. Because of its foulness one afflicted therewith was an outcast. The disease was incurable by man, therefore the leper was regarded as hopeless and dead. In response to the leper's earnest request Jesus touched him and bade the leprosy to depart, and immediately he was healed and cleaned. Leprosy is a type of sin. Jesus has power to heal and cleanse and restore.

IV. Jesus Heals a Paralytic (5: 17-26).

1. Watched by the Pharisees and Doctors (v. 1). Jesus' fame spread abroad, and this only incited jealousy on the part of these men.

2. The Paralytic Brought (vv. 18, 19). This is a fine lesson in Christian service. They could not heal the man, but could bring him to Jesus, who could heal and restore. They had faith in Jesus to heal him. The effort which is required to bring a sinner to Jesus should be regarded as too great!

3. The Man's Sins Forgiven (v. 20). Jesus looked back of the palsy to its cause—sin. All disease and death is the result of sin. Jesus saw the faith of those not only who brought him, but of the man himself.

4. The Purpose of Miracles (vv. 21, 22). The Pharisees accused Christ of blasphemy when He declared the man's sins forgiven. Jesus showed them that back of the beneficent deed to the man was the demonstration of His deity. The main purpose in the working of miracles is the authentication of the divine mission of the one performing them. The working of the miracle was to demonstrate His authority to atone for sin and to grant forgiveness. While the divine power and authority are thus shown, the wisdom and love of God are shown in that in all cases the supernatural work is for the good of the individual. A true miracle is never spectacular. It is not a mere demonstration of power, but the working of power for beneficent ends, the good of some one in need.

5. Relative Value of Physical Ills and Moral and Spiritual Maladies (v. 23). Physical ills are less serious than the sins which cause them. In dealing with them we should follow the example of Christ and first deal with the cause.

NEW PASTOR WELCOMED TO LANE TABERNACLE

By A. L. Gardner

Straight from Butler Street, Atlanta, Ga., to Newstead and Enright St. Louis, Rev. H. W. Evans, slipped into the Lane Tabernacle rostrum last Sunday morning, and the first sermon of the new pastor for 1922-23 will be recognized as wonderful. And only those that were in that vast throng last Sunday morning will know how true this statement is. Yes they were all there—not only in the pews, but in the aisles, halls and corners, and all other available space where humanity the choir sang again. A little happy could be jammed. Again we say they were there, and their hearts beat in perfect accord with the wonderful message they heard. Rev. H. W. Evans was presented to the congregation. The organ rang sweetly and thee hoir sang again. A little happy sunbeam raced down the aisle and spread its rays over that capacity crowd, Rev. Evans came forward with lighted face, and smiled upon that great mass of people. "What shall a man give in exchange for his soul?" Very few that were present will ever forget that text. Do you think God made this large and beautiful world to exist only until man finishes his mortal sojourn here? Or do you think God made man to crumble forever with his Mortal decay?"

Rev. H. W. Evans, answer to both these questions is "Positively No." The life of man, no matter how great, is nothing to compare with the usefulness of the soul of man after death. And furthermore mortal man is a mere atom in this great world of riches—yes riches which God holds in soul is the only real, and greatest His hands. And then if the immortal part of man, what profit to gain the world and lose his soul? What shall a man give in exchange for his soul? Sweetly Rev. Evans defined, and unfolded this interesting text last Sunday morning, until (the dear God's highest and sweetest angel must have come and hovered over that happy congregation.

After the benediction they filed down the aisle and shook hands with Lane Tabernacle's new standard bearer. This Sunday will be Harvest Home day. Rev. Evans will preach morning and night. The Steward Board will serve dinner free to the aged. Through the good work of Servugus Progressive Club of which Mrs. Sadie Mason is the president. The Eagle Film Company will take moving pictures of the pastor and congregation this Sunday morning after preaching service. This Monday night the 6th pictures of the funeral of the late Rev. E. C. Morris, will be presented at the church. Other good pictures will be shown.

A full size picture of Rev. Evans will be presented to each Lane Tabernacle resident Sunday morning. At present Rev. Evans resides with Mr. and Mrs. B. M. Murphy, 4224 Cottage Avenue.

The Annual Election of Stewards Board will be Tuesday night.

Deasly beloved ones; if you were not present on Sunday last, then what you have missed for your edification is far greater than you can ever estimate. We that heard the words of Malachi 3:7-10 can never forget its illuminatings, the heavenly search lights were verily turned upon us, our innermost selves were shown our contrariety with God. The finite warning with the infinite can you imagine such an unequal conflict and its ultimate outcome? Each and everyone of the divinest principles needed fully to each charge. Oh, Christian workers are you souls food; can you or dare you refuse to come, partake and live?

Our present day needs are vitally considered with each sermon selected you will surely be benefitted and made the better by them.

A rally; nay, Our Rally all day Sunday, Nov. 5th. It is yours to make it a success or failure. Failure is a word unknown to God's army so let us each determine to make it what it should and will be, a success. All glory, honor and praise to Christ's coming Kingdom. We shall enter the enemies camps Monday night to rescue to heal to bring salvation and hope to the prisoners of sin. Be on time, come prepared for this conflict.

CENTRAL BAPTIST CHURCH

Pastor Stevens gave to us last Sunday morning a wonderful message on the "Mission of our Lord and Savior Jesus Christ."

It was a pleasure to his parish, to see him in his usual place Sunday night. Rev. S. J. Branch made it very plain that all who say "Lord, Lord shall not enter the Kingdom of heaven."

Rev. Stimson, a missionary from Central America was with us on Sunday night and told of some of his experiences in that country. A collection was given to him for the purpose of helping to build a church, for they worship in a tent.

Mrs. Edith Rhetta and Mrs. Mary J. Gordon, daughter and sister of Pastor Stevens, gave instructive talks on the teachings of those of Paras Dharm, to a splendid gathering of B. Y. P. U. workers, last Sunday evening at 7:30 o'clock.

Harvest Home Day next Sunday. Please have your fruits, vegetables and such on hand Saturday morning. FLASH THAT SMILE!

By Charles Cain

For The Associated Negro Press

"When a Negro feels happy, you get no cur simper; you get the 'golden smile' or Jack Johnson—or an ivory one."—(Sherwood Anderson) as quoted in the Milwaukee Arts Monthly.)

There is cause enough for many golden smiles—or ivory ones—in the October issue of the Milwaukee Arts Monthly. For that magazine, without flourish of trumpets, without saying a word editorially about the black race, is doing something far more important to race friendliness than political propaganda can be: it is publishing what it considers the best of prose and verse; and if some of that happens to be the work of a Colored man, in it goes. More, it lets white men express themselves freely, and the result is sometimes a statement such as that of Sherwood Anderson's at the head of the article.

For example, in this one issue there are, besides minor things of interest to black folks, two works of major interest: some beautiful poetry by Claude McKay, and an article by Hi Simons announcing the coming of a new Colored Theatre on the South Side in Chicago, a theatre for the production not of vaudeville, musical comedy, burlesque, melodrama or movies, but of the great world masterpieces of all time, and the new and original works by Colored actors.

This is no hands-down-to-help-the-Negro enterprise. Raymond O'Neil, who is carrying it out, is interested for the sake of American art and the American life. He is disgusted, as many artists are, with the stiffness and inflexibility of American civilization with the attitude that makes the word Art, in this country a name for something uninteresting and freakish rather than for the very life of life that it ought to be. He wants a theatre that will be a thing of joy, of pity, of terror of drama, of fun, of the terrible, almost painful beauty the gusto, the zest, that would be in man's life if they were not crushed out by a silly civilization. And largely, it seems, by advice of Sherwood Anderson, he has gone to the Colored American for help in bringing that theatre into being. I wonder by the way, how many Colored people know Sherwood Anderson. Many whites know nothing of him; yet last year he won the Dial's annual $2,000 award for service to American letters, and in his "Poor White," "Midwestern Chants," "Winesburg, Ohio," "Marching Men," "Windy McPherson's Son," "The Triumph of the Egg," and his new novel, "Many Marriages," just beginning in the Dial, he has written powerfully and painfully of the real American, the dumb, baffled soul, hiding from the fullness of life, shrinking behind inherited pretenses and senseless rules, and longing, mutely for something it can neither name nor imagine. He is a man worth knowing, in his works at least; a simple man who wrestles with life and language, works on plain everyday words until he brings out the fullness of their meaning. It is because artists are such men as Anderson that I have such hopes from the theatre and the literary magazines and the art galleries and the orchestras. These things are Life. In them, white and black men touch in their most honest and most intimate moods, and understanding must follow, while propaganda often produces nothing but misunderstanding.

I do not want to give the impression that this magazine, which to me is so encouraging, is a propaganda paper. It is not; it is a human institution. It has made its quarters at 403 Jefferson St., Milwaukee, a place where visitors may find physical rest and mental stimulation, and it counts among its staff and contributors, men who know the beauties and cruelties of life, particularly of life in Milwaukee and Chicago:—Carl Sandburg, Ben Hecht, T. K. Bedrick (the well-known T. K. H. of the "Chicago Daily News) and others. If they do not wave their arms and shout about the race question, it is not because they do not know anything about it. And one member of the magazine's advisory staff, Dudley Crafts Watson (also director of the Milwaukee Art Institute) knows, or imagine much more than he says of the Colored migration northward, and its consequences. He is a graduate of the old South Division High School of Chicago, now the Wendell Phillips, a colored school when I saw a student at Wendell Phillips in the early days of its race transition, he came back to give a lecture on Sorolla, the Spanish painter—Men such as these know the race question, not as a political issue, but as part of life they are interested not primarily in race but in life and in trying as all artists do, to express human thought and feeling, they do more to bring about understanding than all the politicians living.

And think of it—a Colored Theater, with Colored actors, in which the works of Moliere and Shakespeare will appear side by side with the works of the Colored writers! It is a time, surely, to flash that golden smile.

TWO MEN HELD FOR SHOOTING 16 YEAR OLD GIRL

Preston News Service

PITTSBURGH, Pa., Oct. 25.—Miss Arina Clark, aged 16 years of Edinburg, died in the West Penn Hospital here last night as a result of bullet wounds received by the girl at the hands of her lover, Clarke Williams, 19 years old, a grocery boy in Edinburg, a suburb of Pittsburgh.

Williams was held without bail by Coroner Weyman pending investigation of the crime. Both men, the police say, failed to make a satisfactory explanation of the shooting. It is said that at first the men insisted that the shooting was accidental, claiming the girl had been wounded when a revolver was accidentally dropped to the floor and discharged. Later the father is said to have changed his story and said the shooting was not accidental and accused Williams. According to the police, Clarke said Williams was his daughter's beau and that Williams shot her in a jealous fit after accusing her of receiving attention from other men. The girl kept house for her father, her mother having died several years ago.

BAPTIST DENOMINATION HOLDS CONVENTION

Preston News Service.

ALEXANDRIA, Va., Oct. 25.—The twelfth annual session of the general Baptist Convention was held here last week in the Alexander Memorial Baptist Church of which Rev. L. R. Frazier is pastor. Rev. W. H. Jernigan is president of the convention. In his annual address he urged a closer affiliation on the part of all the Baptist churches in the district and a united and increased activity in the work of missions, religious education, support of the Stoddard Baptist Old Folks home; he also urged that the denomination establish a weekly religious paper in the District of Columbia and take steps to establish here a theological seminary.

The reports of the corresponding secretary, Rev. W. Harvey Randolph, and the treasurer, Rev. W. J. Howard, showed that splendid results had been achieved during the past year. Rev. Walter H. Brooks, the oldest Baptist minister in the district in point of service, opened the discussion on the denominational outlook in the District of Columbia.

Thursday was woman's day and was under the leadership of Mrs. A. C. Williams, president. The meetings during the day and night were exceedingly interesting. On Friday Rev. William S. Abernathy, pastor of the Calvary Baptist Church, delivered a splendid address. Friday night Rev. Charles S. Woods, president of Virginia Theological Seminary, Lynchburg, Va., was the principal speaker.

Doctor Says Whiskey Does Not Cure Snake Bites

Associated Negro Press.

NEW YORK CITY, Oct. 25.—One hundred and twenty drops of poison were taken from 24 copperheads and moccasins in the reptile house of the Bronx zoological gardens last Monday, as the first step in a process to be completed in Brazil and which will consume nine months for the making of a serum to counteract snake bites.

Several score visitors to the zoo witnessed the operation which was recorded by half a dozen motion picture cameras. Working with bare hands Dr. Raymond L. Ditmars, curator of reptiles at the zoo, seized the snake one by one between the thumb and index finger of his right hand and forced them to strike their fangs against a cloth spread over the mouth of a glass. Whenever a reptile struck with lightning-like rapidity, the poison could be seen running down into the funnel.

As he worked, the curator was asked by a colored onlooker if whiskey was not the best cure for snake bites.

"This will probably be a great surprise and blow to most of you," he said, "but as far as science is concerned, the old theory that whiskey is like an antidote for snake poison has been exploded. Whiskey only stimulates the heart action and is extremely detrimental to successful treatment.

STARS TO PLAY AGAIN THIS SUN

Third And Last Game Scheduled With O'Neil's All-Stars. Colored Boys Shut Out Big Leaguers Last Sunday 8 To 0.

Encouraged by the unusually good weather, the St. Louis Stars, and Mickey O'Neil's All Stars announce that, they will play the third and last game of their baseball series at Stars' Park, this Sunday, November 5. The game will be called at 2 o'clock sharp.

All Stars Dimmed

The St. Louis Stars bundled Mickey O'Neil's All Stars another trimming last Sunday at Stars' Park, the score being 8 to 0. And it was one of the best played games of the entire set of post season conflicts. George "Dearon" Meyers did the pitching and that is saying enough. For when this sterling right hand arm of Sam Barnett's ascends the pitching peak it is time for the opposition to yell "Enough, Enough, take him off." Well that is exactly what Meyers did last Sunday. He allowed Mickey O'Neil and his league cohorts exactly five hits and each of these, came in a separate inning. He was never in danger of being scored upon and only in the ninth inning did a enemy runner attempt to complete the final 90 feet between third and the pay-off station. On two occasions Meyers trapped Mickey O'Neil off base; once in the second inning and again in the ninth, although the play in the ninth, inning was switched to Charley High when the latter made a break for a plate after O'Neil had been nicked off the middle cushion. High was run down between third and home when Meyers peg to the plate chased him back to third and Kennard refused to Russell for the final out end of the game.

The weather was ideal and a good sized crowd turned out to witness the contest.

The Stars made two runs in the first inning despite the fact that only a single hit was registered. Al Fisher, erstwhile Trolley League star, was O'Neil's pitching choice and he looked tossed. He walked three men in the opening inning and Big Blackwell. This coupled with an infield hit by McAdoo accounted for the two runs. Russell walked to start the inning. McAdoo laid a perfect bunt between Fisher and Walsh and both runners were safe. Walsh and both runners were safe. Charleston hit to Andy High and McAdoo was forced at second. High tagging the bag. Russell reached third on the play. Charleston stole second. Kennard walked and Blackwell filled the bases. Fisher was hit by a pitched ball and Russell was forced over the plate. Riggins walked and Charleston was forced at second to end the run of the inning. Hewitt lined out Andy High and Blackwell was doubled off second by a sharp pass by Walsh to Hewitt in the fifth inning. Kennard opened the inning and Hewitt followed with a single. Andy High was the first man up. He walked.

O'Neil singled to center in the second inning. Rosser fanned and filed to Riggins. Walsh popped to Fisher, a hard off first and when Meyers passed a throw to McAdoo, Mickey was run down on a throw to Riggins.

Meyers doubled to left and was put out in the second inning, but nothing came of the hit as Russell filed to Rosser and McAdoo grounded to Robertson for the third out.

In the All Stars' third Neusel and Fisher were out on strikes and Andy High crossed out to McAdoo. In the Stars' half Charleston walked. Kennard ascended to first and a fast double play resulted, Hank to Andy High to Walsh, Blackwell singled to left. Riggins doubled to center and Blackwell took third. Hewitt singled through the box and Blackwell scored. Riggins attempted to score also on the play but was run down, Fisher to O'Neil to Hank.

The All Stars got a man to third base in the fourth but he perished at the far corner. Hank filed to Blackwell. Charley High gave Blackwell Charleston reached third after the catch. Riggins's snappy throw to McAdoo finished off O'Neil for the third out.

Holt opened the Stars' fourth with a line single to left. Meyers promptly sacrificed him to second. Russell walked. McAdoo doubled to left and Holt scored. Russell reaching third. This was enough for Fisher and Hook Brown was sent to the mound in an effort to stop the scoring. He started by passing Charleston. He crawled out of a sticky hole when he fanned Kennard and forced Blackwell to race to Charley High.

Walsh started with one out in the All Stars' fifth but Meyers fightened and fanned Neusel and Bressler. The Stars scored one run in their half of the fifth with two men out. Holt reached first on Robertson's fumble. He took second over with the Stars' fifth run of the game. Russell made the third out by grounding to Andy High.

It was one, two three for the O'Neils in their half of the sixth. McAdoo fanned to open the Stars' sixth. Charleston caught one of Bressler's shoots squarely and the ball sailed onto the roof of the car shed in left center. Kennard walked. Blackwell hit to deep center for a home run, scoring to back of Kennard. Riggins grounded to Robertson and Hewitt filed to Neusel.

The All Stars and one hit in the eighth but they failed to score.

The Stars went out one, two three in the seventh and eighth. Then came the ninth. Hank grounded out to Riggins and Robertson fanned. With two men gone the All Stars thought a touch Meyers shutout. Holt booted Charley High's grounder. High stole second. O'Neil beat out a hit to Riggins and High reached third. While Meyers was pitching to Rosser O'Neil whindered off second. Meyers' snap throw to Holt trapped Rosser. National backstop. High darted for home and when Holt fired his throw to the plate perfectly High was run back to third and Referee Smith's signal gave to Russel got High sliding into third for the final out of the game.

Negro Baseball Breaking Down The Race Prejudice

St. Louis, Kansas City And Indianapolis Have Killed The Idea That Colored Players Can Not Think Fast Enough To Measure Up To The Standard Of The Major Leagues.

By CHARLES A. STARKS
For THE ASSOCIATED NEGRO PRESS

There is a psychology that implies always, the superiority of the white race and, automatically, the inferiority of the blacks. This psychology has worked detrimentally, as it was intended to do, with the Negro's way of thinking, even of himself as an asset or value. This is expressed usually by our acceptance of white standards of valuation instead of creating our own ayp after our peculiar concept.

Now, don't get much of, a liberal definition of psychology out of the ordinary dictionary. "The science of mind" is merely given as a definition of the word, which is altogether inadequate for our needs. In our particular case psychology is the expression of a mental attitude of the white man influencing the mental concept of the Negro and causing a certain moral depression on our part. The white man emphasized the thought of our terrible inferiority in the past and we believed it because of our ignorance and helplessness, but our rapid strides in intelligence has at most entirely beat back these thought waves, of white psychology as if to say, "Hitherto shalt thou come, and no further, and here shalt thy proud waves be stayed." This progress is breaking down white psychology can be pointed out in every line in Sport particularly baseball. Jim Jeffries fight was a notable instance. It will be remembered that Jefferies stepped into the ring marked up by the white press as "a descendant of the hardy cliff dwellers, and a long line of ancestors superior in brain and brawn." Jeffries allowed his sparring herald him, right when he stripped he looked like a black God so powerful and athletic was he of form. The result of the fight we all know too well. Johnson, not only whipped Jefferies, but killed the white psychology lie that "a white man can whip a Negro on general principles of heridity."

Negroes Play High Grade Baseball

As for baseball, the "National Pastime," white Sports Writers sound by advance this psychology: "Negroes are fair enough in the physical features, but lack the quick intelligence, judgment and nerve and the Negro hasn't got those qualities in the high degree the white man has. It has race continuity in a way, progressive way."

Negroes play the game with as much nerve as the white man, and in better stand to lose a portion of the Negro vote of the state by not permitting the fight to be staged in 1922, than to let the fight be held and start the ultar religious element among the white people of the state turn against him as he is a candidate for re-election this fall.

Jack Kearns, as well as Dempsey, are highly pleased with this state of affairs, for they, too, feel that Wills right now would lick Dempsey to a frazzle. This would put Mr. Dempsey—and by the way Mr. Kearns out of business and these two gentlemen are not at all ready to relinquish their claims on a sure meal ticket. A fight with Wills would banish these clever schemers out of the money ring. So Kearns is busy seeing that the coin keeps rolling in as long as possible in matches that are simply setups for Dempsey. They do not want a real fight. Could you blame them? They are on the inside now, and certainly desire to stay in the money as long as possible. They have the modern dopes on the coin while getting is good and keep on getting it as long as you can. To do this they must studiously keep away from a match with Wills for that wil land Wills and his manager in the money pen.

Valuable And Enlightening Statistics On Athletics

By Wm. Anthony Aery.
Associated Negro Press.

Baltimore, Md., Nov. 1.—Maryland is teaching its colored boys and girls how to play as well as how to study and do other forms of work that men and women associated with the term "public-school education."

William S. Pittman, field director of State-wide athletics in the Maryland colored schools, has prepared a compiling and enlightening statistical table for 1921-1922. J. W. Huffington is the State Supervisor for colored schools in Maryland.

The most surprising of this table will indicate what men and women who wish to help colored boys and girls to become strong and happy as well as industrious and thoughtful can do in other states.

In 20 Maryland counties, 328 colored schools were represented in State wide athletic during 1921-1922. There were 251 schools that scored points in track and field meets, in which there were 3,326 entrants and 8,86 entries of boys and girls.

Dodge ball was evidently one of the Sports which interested both boys and girls. The boys entered 177 teams and the girls entered 277 teams.

There were 3,826 contestants in the badge tests for boys and 3,667 contestants in the badge tests for girls There were 1,570 winners of boys' badges and 1,816 winners of girls' badges. While the boys brought out more contestants, the girls carried off more badge test prizes.

The relex action of this State-wide athletic program on the work of the colored schools is bound to be most beneficial. The strain of modern life is so great that only those who have good constitutions and take good care of their physical and nervous reserve forces can win out. Maryland is to be congratulated on her wise and thorough-going athletic program for colored boys and girls.

MARCUS GARVEY THANKS WHITE SOUTHERNS FOR LYNCHING NEGROES.

Preston News Service.

RALEIGH, N. C. Oct. 31.—Marcus Garvey, provisional president of Africa, delivered an address at the Negro Fair here last Wednesday afternoon in which he praised the Southern white people for lynching the American Negro as they have been doing, claiming that by this means they were making the Negro become conscious of the fact that he is not wanted in this country and can never make any progress as a race here.

Garvey declared, "If a Northern white man tells me he loves me, I say he is a liar. The white man of South knows the Negro and is honest enough to say so."

"When we get into our republic in Africa we mean to despise the white man for the blacks will have everything and the whites nothing. That's why the Southern man "dispises" us now and is frank enough to tell you so. He has everything and you have nothing, so don't blame him for despising you. He has contempt for you because you won't do anything for yourselves.

"So long as you remain a pauper race, dependent upon another race just so long will the world dispise you. This is not social equality. I don't want to associate with a man who doesn't want to associate with me."

"God never created the white man superior; the white man made himself superior. God is not a racial or national overlord and you are responsible for what you are."

"I thank the Southern white man for giving the Negro a race consciousness. Sometimes it has required beating, sometimes lynching, but he has done it. In the South there is now a race for the Negroes than any where in the world because the white man has forced the Negro to do something for himself."

"Some Negroes believe in their religion so blindly that they expect it to provide breakfast, dinner and clothes for them; but I know that I don't get up and hustle the Lord will never provide for me."

"Don't hate the white man, just because he hates you. He does not owe you because you are after something which belongs to him."

"I don't want anybody to misunderstand me. If you hand a hundred dollars in your pocket and good clothes on your back and had to associate continually with a tramp who had nothing, you wouldn't like it. Well that's the reason why the white man doesn't like you."

SEVEN ESCAPE FROM JAIL BY USING "ROPE ON GALLOWS"

Preston News Service.

MADISON, Ga., Nov. 1.—Seven prisoners made their escape from the Morgan County jail last Monday night. After breaking the cell door the men, it is said, went through the roof of the jail and made a long drop to the outside of the building by means of a rope which they had cut from the gallows. According to the Warden the prisoners are: Dock Jackson, William Moore, Henry Allen, Jesse Matthews, Wilbert Riley, Lewis Sanford and Samuel Phillips. Two prisoners remained in jail, but gave no alarm until after the others had made their get-a-way.

Some day the intellect in moving pictures will equal the amazing mechanical perfection of that industry.

"WHY THE MILLION DOLLARS?"

Preston News Service.

Pittsburg, Pa., Nov. 1.—In speaking about the national movement among Negro women throughout the country under the auspices of the Anti-Lynching Crusaders to get a million members and a million dollars Attorney Robert L. Vann, former Assistant City Solicitor, said in addressing a group of young people here that Monday night that he was in favor of the movement to secure one million Negroes throughout the country to urge the passage of the Dyer bill but he was unable to see the logic in raising a million dollars for the passage of the measure. Attorney Vann said in part:

"Mr. Dyer, now nationally known as the father of the Anti-Lynching Bill, said in the course of his address that if a million people get back of the Anti-Lynching Bill it would pass.

"Any reasonable person, who knows anything knows that Mr. Dyer has no authority to commit the United States Senate. He has no authority to say to any audience what will be necessary to pass and proposed Bill Indeed his remarks were made casually, if we understand the context and were not intended to be taken literally.

"Yet, as soon as someone heard his words, immediately a new drive was launched the slogan was to get a million women back of the Dyer Bill. The slogan was soon changed to include a million dollars with the million women.

"Let us be sane, if not intelligent What can be done with a Million Dollars? Is it proposed to buy up a few senators and their votes? If it will take a Million, why not Two Millions? Where will the figures stop? Who will accept the money and advance the passage of the Dyer Bill? Who will spend the money when it is raised? Who will make a report of the expenditures?

"And further, I have seen a letter from New York City, in which it was stated that a certain speaker, proposed for a mass meeting here, should be given ONE-HALF of the GROSS receipts taken at the door and the local organization should receive the other half, which is to be sent later to New York City and deposited in the Guarantee Trust Company there.

"This is too much for me. I can never lend myself to any such scheme to raise a million dollars to be bandied that way. Then what becomes of the Dyer Bill, if the Million is to be handled in that way?

"A million women! Why not a million men? What is the difference? Is it thought that the Dear Women fall for the BUNK, and the men would not?

"Get a million people interested in the Dyer Bill, if you please. Let them be white people, men and women; colored people, men and women, but I cannot see the necessity of raising a Million Dollars. Senators of the United States will not fall for that BUNK. It sounds like an attempt to bribe. Never can I subscribe to this Million Dollar Idea."

FISK UNIVERSITY DEFEATED BY ATLANTA ELEVEN 7 TO 6

By S. Theo. McIntosh.

NASHVILLE, TENN., Nov. 1.—Atlanta University, defeated Fisk last Saturday in a hard fought spectacular grid battle by a score of 7 to 6. Fisk played good ball and presented a strong line defense, but was unable to solve the attitude forward passes of the Atlanta boys.

Both teams played up and down the field in the first quarter, neither side getting the advantage. Fisk scored 6 in the second after A. U. had worked up to one yard of the Nashville scorers line, and then lost the ball on a fumbled ball. Line plunges with borruss and a direct pass, netted Fisk a touchdown and 6 points. The attempt to kick goal failed. Neither side scored in the third quarter. In the middle of the last quarter, a simple pass to the right end netted Atlanta a ten yard run for goal. This was followed with a drop kick, netting the Georgia boys 7 points and the game. This is the second straight loss for Fisk.

Preston News Service.

NEW YORK CTY, Oct. 18—The general public has been wondering for a long time why arrangements could not be made for a Dempsey-Willis battle for the Indiana ring. Most of them believe that Dempsey was afraid to meet Wills—and they are quite correct in this. But, it is said that the real reason for the delay of the match is due to political reasons. Governor Miller feels that if he should permit these men to fight before the state that he would lose considerable support from a certain class of New York voters. He feels that he can
